Parenting is tough, even more so if you're a parent whose child has emotional and behavioral challenges or other mental health issues, substance abuse or has court involvement.

To help you fine-tune your skills from a common sense approach, the Family Advocacy Network (FAN) is offering COMMON SENSE PARENTING® (CSP), the evidence based parent skills building curriculum originally developed by the renowned Boys Town.

By the end of this 6-session series, participants will have learned techniques to address issues of **communication**, **discipline**, **decision-making**, **relationships**, **self-control** and **school success** for families in all situations.

*CSP is for adults only. **Childcare is not provided.***

Certificates of Completion will be issued at graduation, upon meeting all requirements.

CSP generally meets standards of parent skills building for court compliance with DJJ, DSS and Truancy Courts. Consult with your court counselor for confirmation if you are court involved.

**Pre Registration is required, due to space
limitations**

Walk ins cannot be accepted

Class size is limited to 6 participants.

Register by Monday July 9, 2018, by contacting **Linda Boldin**
at 919.942.2803 ext. 265, 919.928-1017 or email
